

**VIVO** *Sonic*®

**NEW**

*In Vivo Biodegradable and Biocompatible  
Ultrasound Couplant And Lubricant*

Protect your  
patients' safety  
with VivoSonic gel,  
**THE** choice for  
**in vivo** use.

## In the Medical World, Less Risk Is Always A Good Thing.

Announcing VivoSonic<sup>®</sup>, the only in-vivo biocompatible, biodegradable gel on the market. With traditional “sterile” gels, patient safety may be compromised, especially during invasive procedures.

- VivoSonic significantly reduces the risk of in-vivo irritation and infection
- Independent laboratory testing confirms VivoSonic’s clinical efficacy
